

AMBASSADORS FUND FOR CULTURAL PRESERVATION FY 2010

CALL FOR PROPOSALS

Description and Instructions

(DEADLINE: December 1, 2009)

U. S. Embassy Suriname is now accepting project proposals for the Ambassadors Fund for Cultural Preservation

(AFCP) 2010 competition. The deadline for submitting proposals to the U.S. Embassy is December 01, 2009. Full implementation of the program is pending the availability of fiscal year (FY) 2010 funds. Interested institutions (grantees) are urged to consult <http://exchanges.state.gov/afcp/> for details and guidance for the AFCP 2010 competition. Since Fiscal Year 2001, the U.S. Congress has directed the Department of State to support and implement the AFCP program. In FY 2009, awards ranged from US \$10,000 to US \$106,300, with an average award amount of US \$41,400. Fiscal Year 2010 marks the 10th anniversary of the AFCP program.

PRIORITY AREAS: AFCP supports projects to preserve cultural heritage in the following three categories:

A. **CULTURAL SITES** including (but not limited to) historic buildings and sites, sacred places, monuments, and archaeological sites;

B. **CULTURAL OBJECTS AND COLLECTIONS** from a museum, site, or similar institution, including archaeological and ethnographic objects, paintings, sculpture, manuscripts, photographic and film collections, and general museum conservation activities; and,

C. **FORMS OF TRADITIONAL CULTURAL EXPRESSION** includes traditional music, rituals, knowledge, languages, dance, drama, and crafts.

PRIORITY ACTIVITIES: AFCP gives top priority to project activities that keep with international standards for the preservation of cultural heritage. These activities may involve:

A. In the case of **CULTURAL SITES**, restoration of a historic building, an archaeological survey as a component of a preservation plan, preservation management planning for a site, or documentation of sites in a region for preservation purposes.

B. In the case of **CULTURAL OBJECTS AND COLLECTIONS**, conservation treatment for an object or collection of objects; needs assessment of a collection with respect to its condition and strategies for improving its state of conservation; inventory of a collection for conservation purposes; the creation of safe environments for storage or display of collections; or specialized training in the care and preservation of collections.

C. In the case of **FORMS OF TRADITIONAL CULTURAL EXPRESSION**, documentation and audiovisual recording of traditional music and dance forms for preservation and eventual dissemination, or support for training in the preservation of traditional arts or crafts that are threatened by extinction.

An appropriate preservation activity is one that protects the values of the site, object or collection, or form of traditional cultural expression as they are understood by stakeholders. Stakeholders may include national, regional, or local cultural authorities, the local community, and others with vested interest in the site and the outcome of a project. We also invite you to submit proposals for phased and pilot projects whose methods and outcomes will advance long-term cultural preservation objectives, lay the groundwork for subsequent AFCP-supported activities, or encourage the continued or expanded application of proven methods at the project site or elsewhere. When considering such projects, we urge you to contact us as early as possible in the process.

SPECIAL NOTE REGARDING SITES AND OBJECTS THAT HAVE A RELIGIOUS CONNECTION: The establishment clause of the U.S. Constitution permits the government to include religious objects and sites within an aid program under certain conditions. For example, an item with a religious connection (including a place of worship) may be the subject of a cultural preservation grant if the item derives its primary significance and is nominated solely on the basis of architectural, artistic, historical or other cultural (not religious) criteria. Qualified entities are reputable and accountable non-governmental organizations, museums, Ministries of Culture, or similar institutions that are able to demonstrate that they have the requisite experience and capacity to manage projects to preserve cultural heritage.

COST SHARING: The program encourages cost sharing, contributions in kind, and other forms of cost participation.
